ORDERING & METHODS OF PAYMENT - We accept and recommend the use of MasterCard, Visa, Discover, or American Express credit cards. We will ship C.O.D. (FedEx regular service only) but this adds an additional fee to the shipping charges per package, currently \$9.00. C.O.D. orders over \$300.00 require payment with money order or certified check. All government agencies, educational institutions, and those with an approved and signed credit application can receive Net/30 billing.

- Orders may be placed 24 hours a day, 7 days a week. To speak with our staff, please call Monday through Thursday between 8 a.m. and 6 p.m., Fridays between 8 a.m. and 5 p.m. and Saturdays between 8 a.m. and 1 p.m. EST.
- Orders may be phoned or faxed. All orders received by 2 p.m. will be shipped the same day.
- Orders can also be placed at arborist.com.

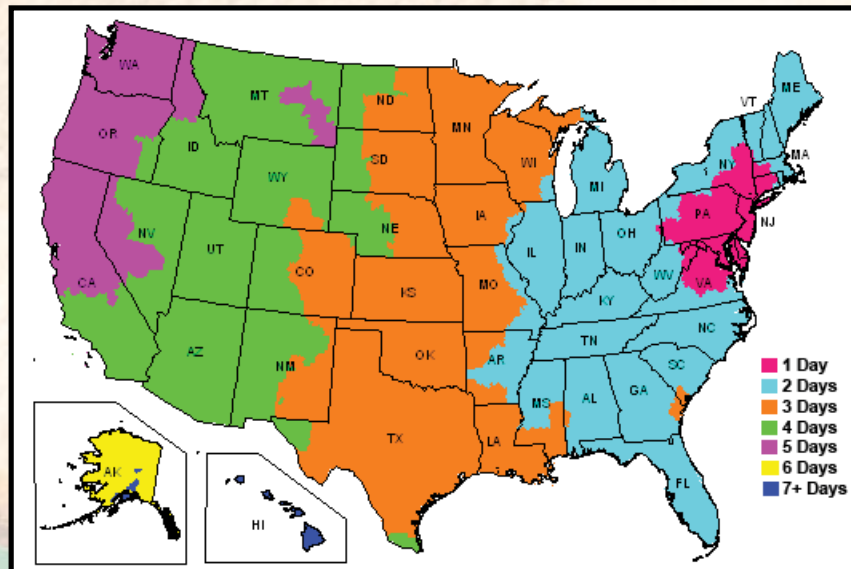

TCIA MEMBER DISCOUNT - We are pleased to participate in the affinity program for members of the Tree Care Industry Association (TCIA) who choose American Arborist to be their choice for top quality supplies. American Arborist Supplies will contribute an amount equal to 5% of total products sold to TCIA members. 2.5% will be applied toward the next year's TCIA renewal dues of those members using the services and 2.5% will be applied toward development of safety and educational programs for the tree care industry.

RETURNS - If you are not satisfied with the product you receive, please complete the form enclosed in your package and call for a return authorization number. This will speed the processing of your replacement item or refund. Returns must be requested within 30 days of receipt of merchandise. Items must be returned in new, unused condition.

RECEIPT OF DAMAGED MERCHANDISE - In the event that you receive a package that is damaged, please contact the carrier immediately for inspection. Then contact American Arborist Supplies so we can expedite reshipment of your order.

DISCLAIMER -

Prices & Products: Prices in this catalog are subject to change without notice as manufacturers increase their prices. As careful as we are in compiling this information, please note that we cannot be held responsible for misprinted or changed prices. Also, manufacturers will occasionally make changes in the design, style and color, in which case we will ship the product that most closely conforms to your specifications. **Personal Injury:** The purchaser/user assumes all risks, damages and injuries of any kind. While offering suggested uses for some of the products, this catalog does not offer expert instruction and is not to be used in that capacity. American Arborist Supplies recommends strongly that each purchaser/user obtain expert instruction from a highly qualified person who is well-versed in appropriate safety techniques.

Next Day and Second Day Air Service available upon request.

8 PRUSIK CORDS & TAILS

PRUSIK CORDS

Climbers are continuously developing new applications. Growing in popularity, we sell these Prusik cords with any of the following friction hitches.

- Machard Tresse or Valdatian Tresse (French Prusiks),
- Klemheist,
- Schwabisch Hitch,
- Bachman Hitch
- Muerter Hitch
- Knut Knot

Climbers must be aware of variations, technologies, and the uses of these products to best meet their needs while also maintaining proper safety strength. We hope our selection of cords and hitches best suits your needs however our industry is rapidly changing. Please call with any questions or if you require custom splicing or assembly.

BEELINE 3/8" FRICTION CORD

Technora and polyester cover over a 12-strand polyester core. Large diameter cord for better hand control. 7500 lb. tensile strength.

R180122-10 \$2.45/ft

5mm TECH CORD

A blend of Technora and polyester. Very small diameter makes for quick and easy setup for multiple accessory uses. 5000 lb. tensile strength.

R180121-10 \$2.00/ft

8mm BEELINE FRICTION CORD

Technora and polyester cover over a 12-strand Vectran core. Exceptional heat resistance and wear characteristics. Black polyester helps monitor heat uptake. 8000 lb. tensile strength.

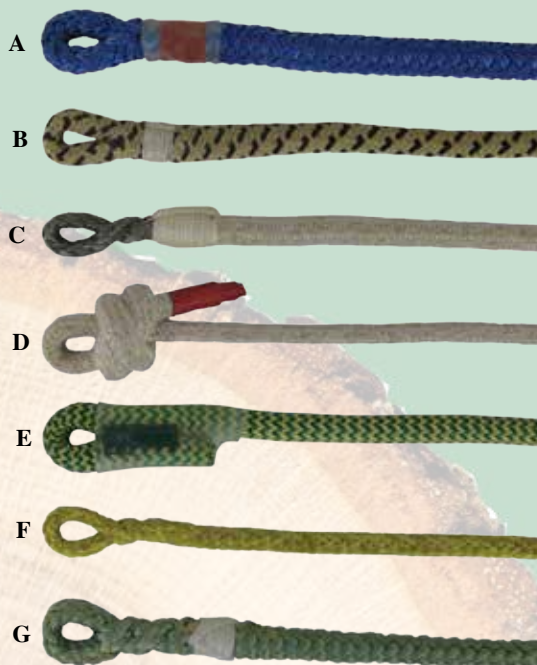

R180122-04 \$2.45/ft

8mm HRC

Technora and Nomex cover over 12-strand Vectran core. Great heat resistance for Prusiks of all kinds. 6500 lb. tensile strength.

R180122-03 \$2.30/ft

EYE & EYE STRAIGHT PRUSIK CORDS

Ideal for tying the French Prusiks, Schwabisch or Distel hitches. Shipping Wt. 1 lb. each.

DBI SALA EXOFIT XP FULL BODY HARNESS

The most comfortable harness in the industry. Single piece of material wraps around you into the shape of an X. Comfortable without the risk of tangling. Includes removable padding. Extremely durable. Medium.

S190271-03\$347.95

SUSPENSION TRAUMA SAFETY STRAPS

Hook together when needed to allow worker to stand up in the harness, relieving downward pressure. Allows one or two foot suspension and can be attached to most harnesses.

S190271-99\$30.00

EZ-STOP II LANYARD

Web lanyard that uses a controlled tearing action when subjected to fall arrest forces. Single leg, with snap hooks and either end. 6' long.

S190195-91\$115.95

SHOCKWAVE 2 LANYARD

Bungee lanyard designed to expand and contract, in reaction to a worker's movements. Single leg, with snap hooks at each end. 6' long.

S190195-90\$95.50

DELTA BUCKET TRUCK HARNESS

Vest style harness with back D-ring, and tongue buckle leg straps. Universal size.

S190273-00\$129.95

D-RING EXTENSION

D-ring at one end, snap hook on the other. 18" long.

S190195-92\$57.95

FrenchCreek

Production

Made in the U.S.A.

BUCKET TRUCK HARNESS AND LANYARD

This fully adjustable body harness features a support strap under the buttocks. This is a "one-size-fits-most" unit, for all but the very large or very small. Includes a 6' lanyard for tie-in.

Shipping Wt. 4.5 lbs.

S190270-00\$99.99

ROOFER'S MODEL FULL BODY HARNESS

This full body harness with waist belt is ideally suited for roofer tie-ins. Works well in bucket trucks also.

Shipping Wt. 6 lbs.

S190272-00\$134.25

SHOCK ABSORBING LANYARD

Made of 6' webbing, this lanyard will slow and absorb the force of a fall, unlike a standard rope lanyard.

Shipping Wt. 2 lbs.

S190195-15\$58.00

18 SADDLES

All Saddles meet applicable OSHA and ANSI standards for arborists.

Indicate size by adding the appropriate two-digit number to the end of the item's catalog number. Measure over clothing to be worn on the job. Select saddles use European sizes or are one size fits all. See description for details.

02 - Small (28-30)

03 - Medium (32-40)

04 - Large (34-44)

XL saddles available as special order; 10% upcharge

* Please call us to discuss suspender applications *

Weaver

DOUBLE ROPE BRIDGE

Massive back support and comfortable leg straps with memory foam and double rope bridge. Replaceable rope bridge. Double rope provides elevated performance and security. Shipping Wt. 7 lbs.
S190286-SIZE \$299.95

PETZL SEQUOIA
This lightweight saddle has a comfortable and ventilated waist belt that has stiffeners for back support. Two "D" rings for work positioning and a versatile suspension bridge for attachment of ascent and working lines. Easily replaceable bridge can also add an optional attachment ring. Shipping Wt. 4 lbs.
S190224-01 \$395.00

TREE HOG
Wide back support with 2 sliding attachment rings, make this a popular Eurodesign choice. Triangular leg pads provide support along longer areas of thighs. Shipping Wt. 5.8 lbs
S190296-SIZE \$299.95

KOMET BUTTERFLY
Lightweight European design provides excellent versatility. Independent leg straps have comfortable pads to protect thighs and crotch. Round center attachment ring floats from side to side on a replaceable support bridge. Shipping Wt. 5.5 lbs
Sizes: S/M (-02), M/L (-03)
S190226-SIZE \$330.00

SQUIRRELMAX®

SQUIRRELMAX CLIMBERS

Squirrelmax climbers have a rigid cup that articulates to follow the motion of your ankle and knee joints. This patented Shin-Saver technology keeps the iron parallel to your shin bone at all times, eliminating the discomfort of the irons pushing on or banging into your shins. The articulating cup is spring loaded so your calf muscle rests in the amply padded cup and rides on a cushioned spring suspension - just like your car. The most comfortable climbers we've ever seen!

Shipping Wt. 8 lbs.

C031500-00 \$499.95

BASHLIN INDUSTRIES, INC.

BASHLIN'S ALUMINUM ALLOY CLIMBERS (above left)

Bashlin's adjustable climber with a replaceable gaff is made of aluminum alloy. It is lighter than conventional climbers and has the same strength as equivalent steel. The standard sleeve can be adjusted from 15" to 18" in 1/4" increments. The Bashlin Gaff is held firmly in place by a triple locking device. The triple locking device incorporated with close-fitting parts give the wearer a solid and substantial gaff assembly. This climber is equipped with the non-shifting triangular bottom strap ring.

Shipping Wt. 5.5 lbs

38 CHAIN SAW ACCESSORIES

SAFETREE BUCKET TRUCK SCABBARDS

A - Inside

Mounts chain saw on the inside of the bucket or aerial lift. Constructed from UV stabilized, virtually indestructible revolutionary material to insure that sharp blades stay sharp but do not harm the worker - specifically designed to be the longest lasting scabbard available. Shipping Wt. 7.5 lbs.

S197098-10 \$239.95

B - Outside

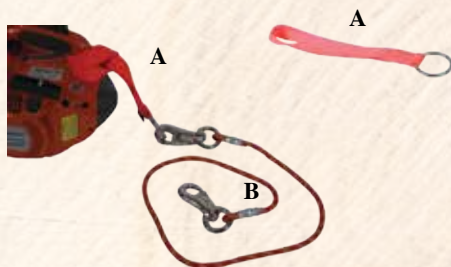

Same as 'A' but mounts on the outside of the bucket. Shipping Wt. 7.5 lbs.

S197098-11 \$249.95

BUNGEE SAW LANYARD

Made of elastic and nylon webbing which keeps it short when not in use but allows it to stretch to full arm's length when needed. Shipping Wt. 0.4 lbs.

S190197-10 \$23.95

A - CHAIN SAW ATTACHMENT RING AND STRAP

Nylon loop may be hitched around the handle of saw by placing ring through the loop.

Shipping Wt. 0.3 lbs.

C031550-00 \$4.00

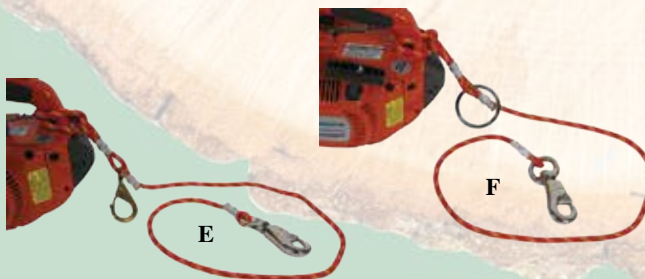

B - SNAP AND SNAP CHAIN SAW LANYARD

Designed with a swivel snap fastened to a 4' length of Kernmantle line with a fixed position snap at the other end. The snaps are fastened by means of a swage that will part at a 160 lb. pull. The purpose of this lanyard is to keep the saw attached to the climber to prevent accidental loss when climbing yet it is long enough to allow complete freedom of movement while cutting and if the saw is dropped, it falls below the level of the climber's feet.

Shipping Wt. 1.3 lbs.

S190196-00 \$14.55

C - SNAP AND EYE CHAIN SAW LANYARD

Same design as 'B' except that the fixed position snap is replaced by a loop which may be girth-hitched directly to a saw handle.

Shipping Wt. 1.3 lbs.

S190197-00 \$15.30

D - EYE AND EYE CHAIN SAW LANYARD

Same as 'C' above but with an eye on each end.

Shipping Wt. 1.3 lbs.

S190197-01 \$11.15

E - 2 IN 1 SNAP AND SNAP CHAIN SAW LANYARD

Provides lanyard protection while cutting. Snap shortens lanyard for climber repositioning. No need for a separate chain saw strap.

Shipping Wt. 1.5 lbs.

S190197-04 \$18.65

F - 2 IN 1 SNAP AND RING CHAIN SAW LANYARD

Same as 'E' above but with a ring in place of the intermediate snap.

Shipping Wt. 1.5 lbs.

S190197-06 \$17.55

14 GAUGE WIRE

Lighter gauge than above. Approximately 1200 ft.

Shipping Wt. 25 lbs.

C030003-14 \$39.89

ARBORTAPE™

Constructed of a high-tenacity synthetic fiber 3/4" wide with a breaking strength of 900 pounds, this flat woven tape fastens easily to any stake or anchoring system with the use of traditional knots or the use of a staple gun if wooden stakes are being used. With only the wide band of low-abrasion ARBORTAPE touching the tree, girdling is eliminated, which allows the nutrients to travel where needed. ARBORTAPE also allows limited movement of the tree, as nature intended. Available in 250', 500' or 3000' rolls. ARBORTAPE is reuseable.

250' Green

Shipping Wt. 1 lb.

Wire Stop Hub	0.5 lbs.	C030250-18	\$18.75

Dead Ends

WEDGE-GRIP DEAD ENDS

The WEDGE-GRIP simply slides-over both EHS and Common Grade strands and clamps with the turn of a cap. The end result is a reliable termination designed to develop 100% of the published rated breaking strength of the strand, while taking only seconds to be applied.

Size	Shipping Wt.	Cat. No.	Price
1/4"	0.75 lbs.	C030251-00	\$25.79
5/16"	0.75 lbs.	C030252-00	\$25.79
3/8"	0.75 lbs.	C030253-00	\$25.79

CABLE DEAD ENDS

A quick and efficient way to make eye loops on the end of strand cable for tree support. Dead-ends should not be used as tools; that is, with come-alongs, pulling-in grips, etc. They should be used with compatible strand and properly sized thimbles. Designed for fixed position hardware only. Available by the single piece (Cat. No. ending in -01) or the more affordable 10 pack (-10).

Strand Size	Color Code	Shipping Wt.	Cat. No.	Price
3/16"	Red	0.5 lb.	C030100-01	\$3.95
3/16"	Red	1.5 lbs.	C030100-10	\$28.00
1/4"	Yellow	0.75 lb.	C030101-01	\$4.50
1/4"	Yellow	3.3 lbs.	C030101-10	\$31.00

MAASDAM

POWER PULLER® WINCH (left)

Used for pulling, lifting, and stretching. Features safety latch hooks, high-strength steel frame, aluminum ratchet wheel, and $\frac{3}{16}$ " aircraft cable. Model 144SB6 has a 2000 lb. capacity. Maximum lift 6', 30:1 power ratio.

Shipping Wt. 8.8 lbs.

H080315-00 \$69.95

ROPE PULLER (right)

Versatile multi-purpose continuous rope puller. Will pull full length of rope. Operates using $\frac{1}{2}$ " three-strand rope. Oversize hand guard, forged hooks, 1500 lb. capacity. Rope not included.

Shipping Wt. 7 lbs.

H080316-00 \$65.95

We recommend BlueFleck three-strand rope for use with these rope pullers. To see BlueFleck rope, check out page XX!

LUG-ALL®

These Lug-All pullers offer many features that make using cable pullers easy. Each one has a high strength alum alloy frame and an interlocking pawl system. All cable stores on a drum. Along with the self-cleaning open construction and reversible safety handle, it has oiled for life bearings. It uses forged steel safety hooks. An extra hook and pulley are included. It has self-cleaning open construction for its highly flexible 7 x 19 Aircraft Cable. It comes in a variety of sizes.

Good Rigging Control System

Designed and tested by arborists, the GRCS is the most advanced tensioning and lowering bollard available. The tensioning winch is a double geared, roller bearing, two-speed winch having a 44:1 high power slow speed gear and a 22:1 lower power high speed gear. Best of all, the winch is self-tailing. No one needs to keep tension on the bull rope. The GRCS also comes with a fixed bollard post for those times when tensioning the bull rope is not critical. Shipping Wt. 90 lbs.

B020153-00 \$2775.00

H-2 Hobbs Device

Key arborist tool since 1980, this heavy-duty ratcheting bollard allows for excellent control while rigging. Hourglass-shaped drum keeps rope centered while lowering. Utilizes trucker bar to pull tension on drum and strap. Bar and strap included. Shipping Wt. 66 lbs.

B020154-00 \$1849.95

The Port-A-Wrap III

The nickel plated Port-A-Wrap III has a rope retention system which allows installation of the lowering line on the right leg without removal of the Port-A-Wrap from its anchoring support. The left leg is long enough to provide several wraps of the lowering line for friction and is equipped with a cross pin for cleaning off the line. The Standard 1½" design accepts rope up to 5/8". The 2" Design accepts rope up to 1" The more popular 2" Design is also available in aluminum.

ENDLESS ROUND SLINGS

Endless-type roundslings are the most basic roundslings, yet they offer great versatility. Endless roundslings may be used in a vertical, choker, or basket hitch. The double jacket protects load-bearing fibers. Each sling is tagged for easy identification.

Size	Shipping Wt.	Vertical (lbs.)	Choker (lbs.)	Basket (lbs.)	Cat. No.	Price
3'	1.5 lbs.	5300	4200	10600	S190182-03	\$15.95
4'	2 lbs.	5300	4200	10600	S190182-04	\$20.95
6'	2.5 lbs.	5300	4200	10600	S190182-06	\$29.95
8'	3 lbs.	5300	4200	10600	S190182-08	\$39.95
10'	3.5 lbs.	5300	4200	10600	S190182-10	\$45.95

WHOOPIE SLINGS

This sling has a permanent eye splice at one end and an adjustable eye at the other end that allows it to adapt to loads of various sizes. The adjustment allows snug lifting control and minimizes the number of fixed lengths required. With many sizes to choose from, there's a Whoopie sling for any lifting job. Each is permanently tagged with its capacity.

Size	Adjustable From/To	Vertical (lbs.)	Choker (lbs.)	Basket (lbs.)	Cat. No.	Price
1/2"	30"-48"	2000	1760	4400	S190181-48	\$35.00

Tree Climbers' Guide - 3rd Edition

By *Sharon Lilly*

Soft Cover

Learn to practice safe climbing and aerial tree work principles from the tree climber's perspective. Chapters include key terms and workbook pages with the glossary and answers in the appendices. Shipping Wt. 1.5 lbs.

B020606-00 \$59.95

The Tree Worker's Manual - 2nd Edition

By *S.J. Lilly*

Soft Cover

A practical manual which covers the basics - tree care, climber safety, cable bracing, knots and more. Great for those new to the tree industry and for crew training. Shipping Wt. 1 lb.

B020610-00 \$31.50

To Fell a Tree

By *Jeff Jepson*

Soft Cover

A complete guide to successful tree felling and woodcutting methods. Practical information regarding the safety and process of felling a tree. More than 200 illustrations. Shipping Wt. 1 lb.

B020607-10 \$18.95

A New Tree Biology (with dictionary)

By *Alex L. Shigo*

Hard Cover Biology

Soft Cover Dictionary

Dr. Shigo provides information on branches, pruning, tree defects, fertilization, Dutch Elm Disease, wood products problems, tree starvation, selections for tough trees, many tree care treatments, energy flow, root rots, tree defense systems, Shigometry and many other subjects. This combo includes a dictionary which includes terms, topics and treatments for trees, their problems and how to care for them. Shipping Wt. 3.5 lbs.

B020608-00 \$86.95

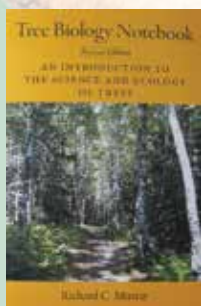

Tree Pruning

By *Alex L. Shigo*

Soft Cover

Tree Pruning is a world wide guide for the proper pruning of trees. The book presents in photographic form the comparative results of proper pruning to promote tree health versus pruning for the demands of society. Shipping Wt. 1 lb.

B020608-02 \$39.00

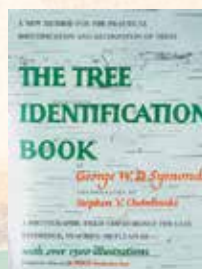

Tree Biology Notebook - 2nd Edition

By *Richard C. Murray*

Soft Cover

One of the best new books for tree care professionals. This book addresses how trees grow, how they protect themselves, and how they interact with the environment. Through this, the reader is better able to understand ecological impacts on trees. Shipping Wt. 1 lb.

B020629-13 \$28.00

The Tree Identification Book

By *George W.D. Symonds*

Soft Cover

This companion manual to The Shrub Identification Book uses the same format of pictorial keys and master pages to visually identify trees. Over 1500 photographs appear in actual size if possible; if not, then in the same scale. Shipping Wt. 1 lb.

B020629-12 \$21.99

Eastern Trees; Peterson Field Guide

By George A. Petrides

Soft Cover

Included in this field guide are trees found in all states east of the Great Plains down to the Gulf Coast as well as eastern Canada. The detailed and beautiful photographs in full-color are supplemented by black and white drawings. Characteristics essential for identification are described for trees in both summer and winter condition. Secondary characteristics considered desirable to confirm identification are also noted. Shipping Wt. 1 lb.

B020628-00 \$19.49

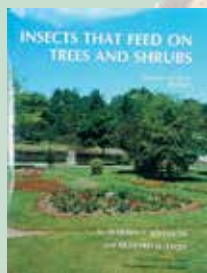

Trees & Shrubs; Peterson Field Guide

By George A. Petrides

Soft Cover

This book gives details about 646 species of trees. The descriptions include shape and arrangement of leaves, height, color, bark texture, flowering season, and fruit. Also included are clear, accurate drawings of the characteristics. Shipping Wt. 1 lb.

B020628-02 \$19.00

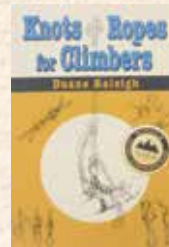

**Insects that Feed on Trees and Shrubs
2nd Edition**

By Warren T. Johnson and Howard H. Lyon

Hard Cover

An illustrated practical guide with essential information for identifying more than 650 insect pests and the injuries they cause. Illustrated with 212 magnificent full color plates. Shipping Wt. 1 lb.

B020600-00 \$85.00

Knots & Ropes for Climbers

By Duane Raleigh

Soft Cover

This book offers more instructions for tying nineteen fundamental climbing knots as well as variations on those knots. It also illustrates the primary and secondary uses for each knot. Shipping Wt. 1 lb.

B020633-01 \$9.95

The Ortho Problem Solver

By Ortho

Hard Cover

Outstanding source with cross-references between host plant, pest and problem. Covered are houseplants, lawns, ground covers, flowers, trees and shrubs, vines, fruit and nut trees, and vegetables, berries, and grapes. Color pictures and well-written text make this an easy volume to use. A must for garden centers, nurseries and landscapers. Shipping Wt. 5 lb.

B020600-05 \$199.00

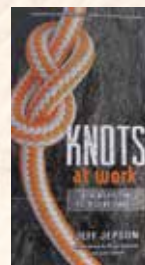

Tree Climber's Knotbook

By Dirk Lingens

Soft Cover

Great color drawings. Includes some uncommon knots as well. Descriptions, uses, pros and cons for each knot. Not only useful for arborists but also for anyone who is interested in knots. Shipping Wt. 0.5 lbs.

B020633-03 \$24.95

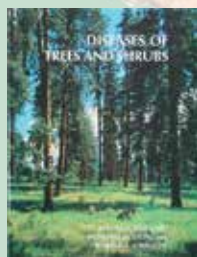

Knots at Work

By Jeff Jepson

Soft Cover

Features more than 50 different knots, focusing on both knot construction and application. Detailed illustrations and easy-to-read text allow for quick learning of each knot. Shipping Wt. 0.5 lb.

B020607-02 \$16.95

Diseases of Trees and Shrubs

By Sinclair, Lyon and Johnson

Hard Cover

An illustrated practical guide with essential information for identifying more than 350 biological agents (pathogens) that injure and destroy trees and shrubs. Illustrated with over 1700 color photos. This book is a must for any spray application working with trees and shrubs. Shipping Wt. 5.5 lbs.

B020601-00 \$89.95

Tailgate Safety Program

Convenient, on-the-job safety program that requires minimum time but includes eighty lessons using simple props. Excellent tool for required OSHA training. Shipping Wt. 4 lbs.

B020644-02 \$132.00

TCIA Training Books

ISA Arborists' Certification Study Guide
By S. J. Lilly Soft Cover
Designed to help ISA Certified Arborist candidates review the topics covered on the exam. This guide provides useful information on exam content, practice items, and prep for the test. Shipping Wt. 2 lbs.
B020605-20 \$114.95

Tree Care Academy: Tree Climber Specialist
Covers climbing fundamentals, planning and executing climbing operations, and basic climbing systems/techniques with an introduction to rigging for removal. Shipping Wt. 8.5 oz.
B020645-00 \$44.00

Tree Care Academy: Tree Care Apprentice
Orientation to the tree care industry, hazards in tree care and how to avoid them, and working safely as a member of a tree care crew. Shipping Wt. 2.5 oz.
B020645-01 \$39.99

Tree Care Academy: Ground Operations Specialist
Covers working with other crew members, basic information about chain saws and chipper safety, and how to assist climbers. Shipping Wt. 4 oz.
B020645-02 \$44.00

Tree Care Academy: Aerial Lift Specialist
Covers aerial lift safety, preparation, standards for operations, hazards and how to prevent them, and additional training topics. Shipping Wt. 6 oz.
B020645-03 \$44.00

J - GROUNDSKEEPER II

28 replaceable tines. 55" fiberglass handles. Lightweight and durable.

Shipping Wt. 2.5 lbs.

G070204-00 . . . \$26.95

DeepRoot Universal Barriers

Protect sidewalks, driveways and other hard surfaces from the damaging effects of roots.

DeepRoot Universal barriers are an ideal solution for tree planting in areas proximate to hardscaping or structures. Barrier panels are 2 foot long panels available in heights of 18", 24", or 36". Panels flex to allow for linear or surround installations. Panels are made of recycled plastic with UV inhibitors for long product life. For most tree planting applications, UB18-2 and UB 24-2 are the barriers of choice.

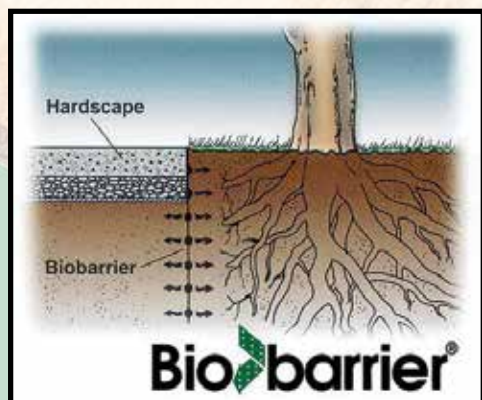

Model	Depth in inches	Linear feet/carton	Catalog No.	Price
UB 18-2	18"	52'	R180245-18	\$189.00
UB 24-2	24"	40'	R180245-24	\$175.00
UB 36-2	36"	28'	R180245-36	\$230.00

Biobarrier

Biobarrier repels tree roots from your valuable paving and hardscapes.

Biobarrier is a fabric that has controlled-release nodules containing trifluralin, a non-systemic root repellent. With a successful track record of over 30 years, this chemical release combined with the highest quality Typar geotextile gives decades of protection. Biobarriers advantages include:

- Active root control engineered to last for decades
- Trifluralin prevents root cell division and does not kill root or plant
- Permanently bonded trifluralin pellets
- Trifluralin is not soluble in water.
- Trifluralin adheres to soil particles forming a virtual wall.
- Flexible fabric makes for easy installation.
- Non-degradable with porosity to allow water and oxygen to pass through.
- Very cost effective.

Biobarrier Root Control System

SUPERSONIC AIR KNIFE

This hand held tool converts compressed air from a portable compressor to a supersonic jet stream. It allows operators to dig safely in the ground, without damage to buried gas pipe lines, tree roots, sewer pipes, and other non-porous objects.

Applications:

- Radial trenching
- Root crown excavation
- Root delineation
- Area decompaction
- Increasing soil organics
- Root pruning
- Bare root transplanting
- Vertical mulching
- Utility locating
- Utility installation
- Ground rod installation
- Installing irrigation
- Digging planting holes

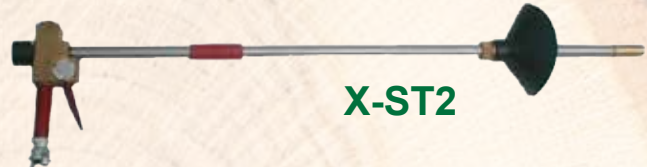

X-LT

SUPERSONIC AIR KNIFE

Model X-LT

Lightweight tool excavates roots, dig shallow trenches, and identify utility-free locations for conventional digging, damage free.

X-ST2

SUPERSONIC AIR KNIFE

Model X-ST2

Heavy duty tool made to withstand job site abuse with the same attributes as the X-LT.

X-HFA

SUPERSONIC AIR KNIFE

Model X-HFA

A high volume, lightweight tool powered by a larger compressor than the X-LT and the X-ST2. It will dig deeper and up to five times faster than the standard tool. Better for larger tools and harder dirt. Larger dirt shield provides more protection from flying debris.

X-LTL

SUPERSONIC AIR KNIFE LIQUID INJECTION

Model X-LTL

Combines digging power with liquid capability. Allows for deep treatments in root systems. Liquid inlet can easily be shut off.

Model	Weight	Material	Compressor Required	Cat. No.	Price
X-LT	5.5 lbs.	Aluminum	100 psi/185 cfm	A010047-00	\$1350.00
X-ST2	10.2 lbs.	Brass/Stainless	100 psi/185 cfm	A010047-01	\$1900.00
X-HFA	8.7 lbs.	Aluminum	100 psi/375 cfm	A010047-02	\$2700.00
X-LTL	8 lbs.	Aluminum	100 psi/185 cfm	A010047-03	\$1900.00

Call for information on Air Vacuums as well. Great for removing dirt from your larger Air Knife excavations.

A

X-RIGGING RING SLINGS

Add more safety to rigging operations by redirecting your lines to follow the strength of the tree. Just like a bow flexes when the string is tensioned, trees flex unnaturally when rigging lines are too far out of line with trunk and limbs. That flex risks breakage.

Other applications abound, but the X-Rigging Ring is the basis of it all. Milled from aluminum billets, these rings are hard-coated and then polished for low friction on your rigging lines.

B

A. X-Rigging 12' Sling With Eye.

The most functional and fast way to attach a rigging to redirect a tree, this was the first design utilized by David Driver and his crew when first developing X-Rings. Made from a large X-rigging ring and 3/4" Tenex with chafe guard. Shipping Wt. 4 lbs.

X240010-12 Working Load Limit 2,200 lbs. \$119.00

C

B. X-Rigging 36" Loop

Expand the tools available to your crew for controlled lowering with this loop. Able to attach mid-line to rigging lines to balance loads, or a quick wrap on small diameter leads above. Made from a large X-Rigging Ring and 1/2" Tenex. Shipping Wt. 2 lbs.

X2400300-36 Working Load Limit 1,300 lbs. \$69.00

D

C. X-Rigging Whopie Sling 3-5'.

The ultimate in adjustability. Simplify redirects with easily adjustable Whopie sling. Made from a large X-Rigging Ring and 1/2" Tenex with chafe guard. Shipping Wt. 2 lbs.

X240040-05 Working Load Limit 1750 lbs. \$79.00

D. X-Rigging Sling 25'

No limitations on tree diameter with this sling. Handles many complex rigging tasks. Made from a large X-Rigging Ring and 3/4" Terex, Shipping Wt. 6 lbs.

X240020-25 Working Load Limit 2,200 lbs. \$139.00.

Duckbill Earth Anchors

How Duckbill Works

DUCKBILL anchors are driven into the ground vertically to minimize soil disturbance of the soil it pulls against. Once driven to required depth, an upward pull on the cable rotates the Duckbill into a horizontal position preventing pullout through the undisturbed soil above it.

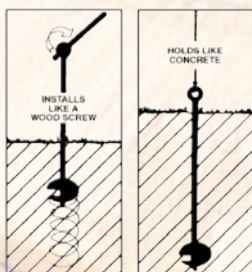

Item	Holding Power	Max Tree Diameter	Cat. No.	Price
Duckbill 40 Anchor	300 lbs.	3"	A010225-00	\$2.75
DR-2 Hand-drive rod			A010225-01	\$5.95
Duckbill 40 System*			A010225-40	\$17.95
Duckbill 68 Anchor	1,100 lbs.	6"	A010228-00	\$5.95
DR-1 Hand-drive rod			A010228-01	\$7.99
Duckbill 68 System*			A010228-68	\$36.50
Duckbill 88 Anchor	3,000 lbs.	11"	A010230-00	\$15.25
DR-3 Hand-drive rod			A010230-01	\$39.99
Duckbill 88 System*			A010230-88	\$89.50

* Each Duckbill System will anchor 1 tree and includes: 3 anchors, cables, turnbuckles, protective hose and cable clamps.

Helix Ground Anchors

Anchor almost anything to the ground! Hundreds of uses around the home, farm, nursery, parks & playgrounds. Five sizes of reusable, all steel anchors hold better than concrete.

Item	Holding Power	Helix dia.	Rod dia.	Catalog No.	Price

Treegator®

Professional Portable Drip Irrigator

The Treegator® allows twenty gallons of water to be delivered to the roots of the tree without run-off or evaporation. Just zip the Treegator® around the tree trunk and fill through the opening at the top. The water trickles from holes that surround the bottom. When empty, unzip and refold for reuse, or leave it at the tree until the next watering. Two or three Treegators® can be zipped together for trees 4" in caliper or larger. Shipping Wt. 1 lb.

H080900-00 \$23.00

treegator
slow release watering bags for trees & shrubs

Treegator® Jr.

Treegator® Jr. is only 6" tall when filled to capacity of approximately twenty gallons, so it fits under almost any tree or shrub. Treegator® Jr. gives you the ability to irrigate a tree with total water absorption, while using a minimal amount of time and space. It is designed for trees that are between 1" and 5" in caliper and allows for a drip time of four to six hours. Treegator® Jr. is compatible with most water soluble fertilizers. Shipping Wt. 1 lbs.

H080901-00 \$18.98

NURSERY CART

1200 lb. capacity. Heavy steel frame, wide track tires, extended tray front included. Overall width is 35" to fit through fence gates. Shipping Wt. 94 lbs. **N140102-00 . . . \$425.50**

ORCHARD LADDERS

Heavy-duty aluminum tripod orchard ladder is widely used by arborists and in orchards. Extra stability for uneven surfaces. Truck freight shipping only. Call for options pricing or freight quote.

ACECAP® PHOSCAP® & MEDICAP®

Six easy-to-use ACECAP® 97, PHOSCAP® and MEDICAP® Products

Application Timing for Optimum Results

The "effect" of systemic implants is maximized when implants are in place in the tree during the period of optimum xylem activity, to transfer the chemical from the implants into the crown of the tree.

ACECAP 97 SYSTEMIC INSECTICIDE

Highest concentrate pesticide available. Easy one-step application, great for target control. Ideal for large trees. Best when used prior to insect activity or at the earliest indication possible.

PHOSCAP

Enhances protein and carbohydrate synthesis to strengthen tree development. Provides potassium and trace elements for a more complete nutrient feed.

MEDICAP MD

MD is a special blend of highly water soluble nutrients designed to stimulate growth on trees affected by poor conditions. Long lasting control ideal for use on fruit and ornamental trees.

MEDICAP FE

FE implants are useful in trees where iron deficiencies are difficult to control. These conditions are normally associated with calcareous acid, arid, or sandy soil conditions.

MEDICAP MN

MN implants are useful in trees where manganese deficiencies are difficult to control. These deficiencies are normally associated with calcareous acid, arid, or sandy soil conditions.

MEDICAP ZN

ZN helps control zinc deficiencies in difficult foliage or soil feeding conditions. These deficiencies are normally associated with calcareous soils.

Repellents

PLANTSKYDD

This repellent is effective for deer, elk, rabbits, and more. Protects up to 6 months on dormant plants and three to four months during active growth season. Made from 100% natural ingredients and works equally as well on conifers and broadleaf plants. Plantskydd does not wash away after rain. Odor based repellent but not offensive to applicators. Rainfast in 24 hours.

1 Quart (Liquid)	C035162-01 \$22.95

2.2 lbs. (Dry)	C035162-03 \$44.95
22 lbs. (Dry)	C035162-04 \$349.95
5 Liter Pre-Mix	C035162-05 \$56.95
Granular Shaker (1 lb.)	C035162-06 \$10.95

Herbicides

GARLON 4

General killer to control trees, saplings, brush and weed growth. Can be used as foliar spray as well as basal applications. This product must be mixed with water or oil. 2.5 gallons

Shipping Wt. 25 lbs. **C035063-25 \$305.00**

PATHFINDER II

Provides the same benefits as Garlon 4 in a ready to use mixture. This formulation is meant to be applied either basally or through a cut surface treatment. 2.5 gallons

Shipping Wt. 25 lbs. **C035062-25 \$177.00**

PATHWAY

A speciality herbicide for the control of unwanted trees via cut surface treatment in forests and non-cropland areas such as fence rows roadsides, and right-of-ways. 2.5 gallons

Shipping Wt. 25 lbs. **C035161-25 \$144.00**

ROUNDUP

Provides excellent control of perennials such as Johnson grass, quack grass, and field bindweed. Controls annual weeds: crabgrass, pigweed, ragweed, foxtail, fall panicum, etc. 2.5 gallons

Shipping Wt. 25 lbs. **C035170-25 \$196.00**

PRAMITOL

A nonselective herbicide for use only in areas where complete control of all vegetation is desired. 2.5 gallons

Shipping Wt. 25 lbs. **C035160-25 \$145.00**

SUCKER STOPPER

Simply spray to control sprouts and sucker growth on apples, olives, pears, non bearing citrus and woody plants.

Shipping Wt. 1.5 lbs. **C035201-10 \$44.45**

Insecticides

IMIDAN 70WP

For the control of insects on deciduous fruit and shade trees, ornamental trees and woody evergreens.

Shipping Wt. 4 lbs. **C035080-00 \$80.50**

M-PEDE (Safer Insecticidal Soap)

Control crawling and sucking insects. 2.5 gallons.

Shipping Wt. 25 lbs. **C035196-25 \$117.95**

MERIT 75WP

General insecticide (foliar, soil broadcast, soil injection, or drench) to control adelgids, aphids, Japanese beetles, lace bugs, leaf hoppers and miners, sawflies, scales grubs, etc. Four 1.6 oz. packets

Shipping Wt. 6.4 oz. **C035123-02 \$165.95**

ORTHENE TREE & ORNAMENTAL

Controls aphids, bag worms, birch leaf miner, tent caterpillars, lace bugs, leaf rollers, gypsy moth larvae, web worms, scales, elm leaf beetles, and box elder bugs on trees and shrubs. Is also effective on flowering crab apple trees.

Shipping 1 lb. **C035140-00 \$25.00**

SEVIN

For control of Japanese beetles and most insects controlled by DDT. Also controls mite parasites so it is recommended that a miticide be used in conjunction on plants with red spiders.

Shipping Wt. 25 lbs. **C035195-25 \$182.00**

SUPERIOR OIL

A dormant oil spray for shade, ornamental and fruit trees. 2.5 gallons

Shipping Wt. 25 lbs. **C035190-25 \$39.95**

TREETECH DENDREX

Insecticide for control of certain insects on non-crop trees and shrubs. 100 Pack

Shipping Wt. 5 lbs. **C035217-11 \$375.00**

TREETECH HARPOON

Systemic injectable insecticide for forest ornamentals, non-crop bearing and Christmas trees. 100 Pack

Shipping Wt. 5 lbs. **C035217-13 \$349.00**

TREETECH VIVID

Injectable insecticide and miticide for control of mites, aphids, scales, and other insect pests of ornamental trees. 100 Pack

Shipping Wt. 5 lbs. **C035217-12 \$468.00**

Fertilizers & Soil Amendments

XL-EVERGREEN SPECIAL 30-7-10

For plants, trees and shrubs needing high iron and acid soil. Low salt, acidic fertilizer with high chelated iron content. Ideal for surface spraying or soil injection on foundation plantings, shrub beds, or around evergreens and individual plants. Contains Powder Blue Nitroform.

Shipping Wt. 30 lbs. **C035054-01 \$48.00**

XL-INJECTO FEED TREE FERTILIZER 32-7-7

Slow-release, low salt, suspension type formula for soil injection around trees. Over 50% of nitrogen from Powder Blue Nitroform. Contains Humate, Chelate Complex, and wetting agents for improved solubility and suspensibility.

Shipping Wt. 30 lbs. **C035054-02 \$57.80**

DRY ROOTS

Dry Roots is the most widely used product for carrying landscaping over the stress of installation and for starting rapid growth in all trees and ornamentals.

Shipping Wt. 25 lbs. **C035054-51 \$13.95**

XL-INJECTO FEED 12-24-24

For use in the fall when we do not want to promote soft growth, but wish to feed the tree for good wintering and a strong start in the spring. Low salt, suspension type fertilizer, with seven units of nitrogen from Nitroform. Also contains Humate.

Shipping Wt. 30 lbs. **C035054-03 \$66.95**

BIO-TREE & SHRUB - All-in-One Fertilizer

Humate based organics with secondary and micro-nutrients help penetration of water and oxygen to support biological function and enhanced health. Low nitrogen 5-10-10 liquid.

Shipping Wt. 55 lbs. **C035051-00 \$112.50**

****Ask about larger qty. and 10-3-3 formulation.**

BIO-AER

Plant-based surfactants, humates, plant-sourced enzymes, amino acids and nutrients rejuvenate soil biology, open compacted soils enabling root growth and enhanced tree health. 5 gallons

Shipping Wt. 55 lbs. **C035051-01 \$98.75**

M-ROOTS

For all high stress conditions where the soil is poor or the weather is dry, we recommend M-Roots with Ecto and Endo Mycorrhiza. This product has 12 species of Mycorrhiza but is still the most affordable available today.

25 lb. bag **C035054-50 \$37.75**

Fungicides

QUALIPRO

Micro-injectable fungicide for the control of Dutch Elm Disease and Sycamore Anthracnose.

25 Pack **C035003-02 \$149.00**

100 Pack **C035003-01 \$498.00**

CAPTAN WP

Multi-use fungicide for use on vegetables, fruits, and ornamentals.

Shipping Wt. 5 lbs. **C035001-00 \$550.00**

CLEARY 3336 WP

"Water Soluble Powder" which provides both curative (eradicator) and residual (protective) action for the control of botrytis, powdery mildew, rhizoctonia and other certain fungus diseases.

Shipping Wt. 2 lbs. **C035010-01 \$63.00**

Miscellaneous

FLOREL

Floral is a contact growth regulator based on the chemical ethephon. It works by causing the plant to abort its blossoms. Floral may be used on sweetgum, crabapple, elm and cottonwood trees. Floral is applied at a rate of 3 oz. per gallon of water or 2.5 gallons per 100 gallons of water.

Shipping Wt. 10 lbs. **C035045-01 \$55.00**

TREE TECH OTC - Bactericide

Microinjection system for the control of bacterial and mycoplasma-like diseases of trees, woody shrubs and palms. 100 Pack

Shipping Wt. 5 lbs. **C035217-31 \$490.00**

NUFILM 17

A sticky, extending agent designed to control the life of pesticides. It is compatible in the spray tank with all commercially-used pesticide products and soluble fertilizers. 1 gallon

Shipping Wt. 10 lbs. **C035130-10 \$49.99**

CAMBISTAT - Growth Regulator

Reduces shoot elongation. Applied using basal drench or soil injection techniques.

1/2 Gallon C035197-00 \$199.00

1 Gallon C035197-10 \$395.00

BACASTAT

For suppression and delay of bacterial disease symptoms. Commonly affected trees include elms, sycamores, maples, and certain species of oak.

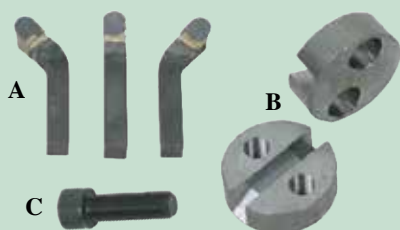

Shipping Wt. 1 lb. **C035018-00 \$195.00**

BIO COAT - Anti-Transpirant & Winter Overcoat

Advanced formula is smoother, natural looking, covers twice as many plants, is easier to clean up, and lasts up to 5 months.

Shipping Wt. 55 lbs. **C035051-10 \$169.50**

A - STANDARD TEETH

Heavy carbide tip is braised to high-carbon steel shank and machine-ground to provide smooth cutting performance. Shipping Wt. 3 lbs. per 10 pieces.

Right Hand Tooth	S197100-00 \$6.89
Straight Tooth	S197102-00 \$6.89
Left Hand Tooth	S197101-00 \$6.89

B - STUMP POCKETS (PAIR)

Long-wearing machined steel pockets are standard for most stump cutters. Sold in pairs. Left hand pocket threaded/right hand pocket with counter-sunk pocket-bolt holes.

Shipping Wt. 1.5 lbs.	S197103-00 \$24.05
-----------------------	----------------------------

C - SOCKET BOLTS FOR STUMP POCKETS

$\frac{5}{8}$ " x $1\frac{3}{4}$ " Bolts	
Shipping Wt. 0.3 lbs.	S197103-03 \$2.65
$\frac{5}{8}$ " x 2" Bolts	
Shipping Wt. 0.3 lbs.	S197103-01 \$2.65
$\frac{5}{8}$ " x $2\frac{1}{8}$ " Bolts	
Shipping Wt. 0.5 lbs.	S197103-02 \$3.65

WINCH LINE

$\frac{5}{16}$ " x 150' High-strength, Dyneema winch line that includes heavy, forged hook with gate.

Shipping Wt. 7 lbs.	H080316-50 \$364.95
---------------------	-----------------------------

CHIPPER LOCK

Two-piece design protects lock from being cut or battered open. Reduces theft of trailers using 2" to 3" Lunette Rings on brush clippers, utility trailers, air compressors and lo-boys. Lock not included.

Shipping Wt. 4 lbs.	H087006-00 \$22.50
---------------------	----------------------------

D - C.E.I. TEETH

Heavy-duty carbide-tipped teeth provide longer lasting service and fit most Vermeer models. Shipping Wt. 4 lbs. per 10 pieces.

Right Hand Tooth	S197110-00 \$10.50
Left Hand Tooth	S197111-00 \$10.50
Straight Tooth	S197112-00 \$10.50

E - UNI-POCKETS (PAIR)

Uni-pocket positions bolts opposite from each other. Eliminates the need to keep track of left and right pockets.

Shipping Wt. 1.5 lbs.	S197113-00 \$23.95
-----------------------	----------------------------

F - SOCKET BOLTS

$\frac{5}{8}$ " x $2\frac{1}{8}$ " Bolts	
Shipping Wt. 0.3 lbs.	S197113-01 \$3.05
$\frac{5}{8}$ " x $2\frac{1}{2}$ " Bolts	
Shipping Wt. 0.5 lbs.	S197113-03 \$3.05

GREENTEETH

Heavy duty carbide teeth have a circular cutting surface that allows for easy in-the-field switches to new cutting surfaces. Each tooth has three different positions and can be quickly rotated with the loosening of one nut. Pockets are sold individually (not in pairs).

1100 SERIES TEETH	\$14.50

Chipper Knife Sharpening Service

We sharpen knives to factory specifications, under special coolant to maintain the temper of the steel in sets for uniform size and balance.

Price: \$1.15 per lineal inch of cutting edge

Example: 10" single edge knife would cost \$10.50

When sending knives, be sure to...

- Wrap knives tightly in newspaper or in brown paper first.
- Tape securely with fiber-reinforced tape in both directions.
- Box or "overwrap" in brown paper for an outer addressable surface.
- Insure the package for the replacement cost of the knives!

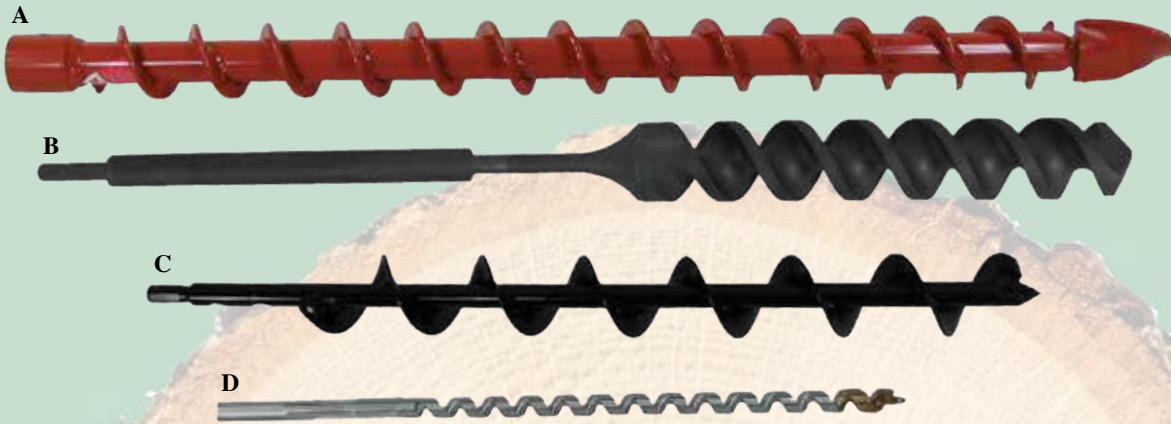

Send knives by US Mail, UPS, or FedEx to:

7/16" x 18" Ship Auger	A010024-20	\$40.00

COPPER CABLE

- No. 22 14 STRAND, 17 GAUGE SMOOTH TWIST**
Miniature tree conductor.
Shipping Wt. 2 oz./ft. **L120601-00 \$1.29**
- No. 32S 32 STRAND, 17 GAUGE SMOOTH TWIST**
Standard tree conductor.
Shipping Wt. 4 oz./ft. **L120600-00 \$2.35**

DRIVES

- No. 190A MINIATURE CONDUCTOR DRIVE**
Shipping Wt. 1 oz. **L120610-00 \$3.75**
- No. 190 STANDARD CONDUCTOR DRIVE**
Shipping Wt. 1 oz. **L120608-00 \$3.30**

TOP BLUNTS (FORMERLY TREE POINTS)

- No. M195BT . . SMALL BLUNT TIP**
Shipping Wt. 3 oz. **L120603-01 \$9.55**
- No. M194BT . . LARGE BLUNT TIP**
Shipping Wt. 6 oz. **L120602-01 \$10.55**

CLAMPS & CONNECTORS

- No. 193X . . . FINGER TYPE CONNECTOR**
For standard to miniature conductor.
Shipping Wt. 2 oz. **L120611-00 \$3.15**
- No. 297A . . . LARGE MANY-PURPOSE CLAMP**
Heavy duty, for cable and ground rod, or for clamping two cables together.
Shipping Wt. 7 oz. **L120613-00 \$9.29**

- No. 297 . . . SMALL MANY-PURPOSE CLAMP**
For clamping cable and rod, or standard and miniature cables.
Shipping Wt. 4 oz. **L120614-00 \$6.95**
- No. 198 FORK TYPE GROUND CONNECTOR**
For standard conductor.
Shipping Wt. 8 oz. **L120607-00 \$10.55**
- COPPER NAILS (Not shown)**
Shipping Wt. 1 oz. **L120604-00 \$4.95**
- No. 50 STANDARD GROUND ROD CLAMP**
For 1/2" Ground Rods.
Shipping Wt. 4 oz. **L120615-00 \$12.29**
- No. 138 . . . GROUND RODS, COPPER CLAD**
1/2" X 8'
Shipping Wt. 5 lbs. **L120609-00 \$25.95**
- STRAIGHT SPLICERS**
- No. M3X . . . FOR MINIATURE CONDUCTOR**
Shipping Wt. 4 oz. **L120606-00 \$5.75**

Recommended Reading

Informative two volume set includes the ANSI A-300 standard on lightning protection systems and the ISA's Best Management Practices book for Tree Lightning Protection Systems. Easy-to-read, full of pictures, and charts. Shipping Wt. 1 lb.
B020638-06 \$27.99

NOTE: Aluminum equipment is not recommended for trees. Research by tree experts over a period of years has proved that copper fasteners are positively not injurious to trees. This equipment is not meant to provide lightning protection for buildings.

Wraptor

Motorized ascender. Pulls climber to the top of large trees effortlessly at up to 100 feet per minute travel speed. Built-in failsafe systems and integrated emergency retreat system. The compact two-stroke gasoline engine has a powerful gear reduction system producing lift capacity of 300 lbs.

- ★ Ascend effortlessly
- ★ 300 lb. capacity
- ★ Ascend 100 ft./min.
- ★ Runs thousands of feet on one tank of fuel
- ★ Integrated emergency retreat
- ★ EPA compliant

Shipping Wt. 23 lbs.
H080375-00 \$2500.00

Portable Winch

Lightweight, portable, gas-powered winch, with 2500 lb pulling capacity. If you ever need to bring down hung-up trees, pull out-of-reach logs, get a vehicle un-stuck, the Portable Winch™ is for you.

Honda powered and weighing only 33 lbs, the Portable Winch™ is easily carried and can be anchored to anything using the 6' long sling provided.

Use the Portable Winch™ with any length of rope (sold separately). The rope is tied to the object to be moved and wound three times around the capstan drum (sold separately). When the engine is running, the capstan rotates continuously and the friction created by pulling on the free end of the rope pulls the object. Load will move at a speed from 25 to 40 feet/minute, depending on the weight of the load.

Shipping Wt. 38 lbs.
H080350-00 \$1395.00

SKIDDING CONE

Eases log movement and protects trees along the skidding path. Handles up to 20" diameter log. Shipping Wt. 12 lbs.

H080350-03 \$149.00

82 TREE PAINT & FILLER

TREEKOTE AEROSOL TREE PAINT

12 ounce aerosol container of black asphalt-base tree paint.

Shipping Wt. 0.8 lbs.

P161711-00 \$6.75

HANDI-FOAM CAVITY FILLER

Polyurethane foam in a totally portable, completely self-contained, easy-to-use package. Expands and cures within seconds of application, is easy to shape to the texture of tree bark. May also be used to insulate.

One-part foam 1.2 cu. ft.

C032521-05 . . . \$22.95
